

## COMFORT LAKE - FOREST LAKE WATERSHED DISTRICT LAKE WATER QUALITY SUMMARY

Lake	Acres	DNR ID	Most Recent Phosphorous Average (ug/L)	Year	Grade	Listed by MPCA as Impaired for Phosphorous	Water Quality Trend
Bone	210	820054	37	2010	C	X	+
Birch	33	130042	60	2007	C		N/A
Comfort	218	130053	28	2010	B	X	=
Forest (west)	2251	820156	31	2010	B		=
Forest (center)	2251	820156	31	2006	B		N/A
Forest (east)	2251	820156	32	2006	B		N/A
Heims	90	130056	37	2009	C		N/A
Little Comfort	36	130054	28	2010	B		N/A
Moody	35	130023	81	2010	D	X	N/A
Second	75	130025	54	2008	C		N/A
School	47	130057	47	2009	C	X	+
Sea	50	820053	122	2009	D		N/A
Shields	26	820162	233	2007	F	X	N/A
Sylvan	84	820080	14	2010	A		=
Third Lake	42	130024	14	2008	A		N/A

shallow Lak

### Grade

Grade is determined by the most recent summer-average for phosphorus. The scale used to assign grades is the same used by Metropolitan Council

A<23      B 23-32  
 C32-68    D68-152  
 F>152

### Impaired for Phosphorus

X'ed lakes are listed as "impaired" by the State of Minnesota for exceeding phosphorous standards. TMDL studies are required on these lakes.

### Water Quality Trend

Trend were assigned by reviewing phosphorus averages where a 10 year record of monitoring exists

= No Change  
 + Improving Water Quality  
 - Declining Water Quality  
 N/A Not Enough Data
