

# Little Comfort Lake

---

## 2016 AIS Management Plan

### Curly-leaf Pondweed

- Completed Activities
  - Met with Blue Water Science and EOR to discuss monitoring and management strategies
- Planned/Ongoing Activities
  - Delineation – Blue Water Science (April 2016)
  - Follow-up assessment to determine if management is needed in future years – Blue Water Science (June 2016)
- Deliverables
  - Delineation and assessment report – Blue Water Science (Fall/Winter 2016)

### Rough Fish Management

- Completed Activities
  - EOR collected dissolved oxygen profile prior to ice out.
- Planned/Ongoing Activities
  - Conduct standard-fyke net survey of fish community plus filamentous algae coverage delineation – Blue Water Science (Summer 2016)

### Zebra Mussels

- Planned/Ongoing Activities
  - Coordinate with one volunteer to monitor a sampler plate on a private dock for early detection of zebra mussels.

# Little Comfort Lake Management

		Sub Totals				Annual	Timeline											
		Budget	Grants	BWS	Contractor	Balance	April	May	June	July	August	September	October	November	December	January	February	
Little Comfort Lake 2016 Activities		\$ 6,500	\$ -	\$ (6,200)	\$ -	\$ 300												
Curly-Leaf Pondweed	Work Task	2016 Budget	Grants	BWS	Contractor	Total Expense												
	Delin-Report	\$ 1,000		\$ (1,300)		\$ (1,300)	BWS							BWS				
	Total	\$ 1,000	\$ -	\$ (1,300)	\$ -	\$ (1,300)												
Rough Fish Management	Work Task	2016 Budget	Grants	BWS	Contractor	Total Expense												
	Fish Survey	\$ 5,000		\$ (3,400)		\$ (3,400)			BWS									
	Sediments			\$ (1,500)		\$ (1,500)			BWS									
Total	\$ 5,000	\$ -	\$ (4,900)	\$ -	\$ (4,900)													
Zebra Mussels	Work Task	2016 Budget	Grants	BWS	Contractor	Total Expense

2015 Work	Status
CLP & Algae Delineation	Received
Filamentous Algae Memo	Received
Filamentous Algae Flyer	Received
Shoreline survey	Expect to receive by March 2016; combine w/ Comfort survey
Point-intercept survey	Received

2016 Work	Status
CLP Delin & Assessment	
Fish Survey	
Sediment sampling
