

April 29, 2011

Ms. Kathleen Blackford
Certified Public Accountant
P.O. Box 186
Forest Lake, MN 55025

Dear Kathleen:

Transmitted herewith are two (2) copies of the Comfort Lake-Forest Lake Watershed District's Annual Financial Report including the Report on Internal Control, the Report on Compliance and the Communication with Those Charged with Governance Letter for the year ended December 31, 2010.

Additional hard copies have been sent to the Board of Water and Soil Resources and to the Director of the Division of Waters at the Department of Natural Resources to fulfill the reporting requirements of the District.

Thank you for the opportunity to be of service. If you or the Board would like to discuss any topics in the Annual Financial Report, we are available at your convenience.

Sincerely,

HLB TAUTGES REDPATH, LTD.

INDEPENDENT AUDITOR'S REPORT

To the Board of Managers
Comfort Lake-Forest Lake Watershed District
Forest Lake, Minnesota

We have audited the accompanying financial statements of the governmental activities and each major fund of Comfort Lake-Forest Lake Watershed District as of and for the year ended December 31, 2010 which collectively comprise Comfort Lake-Forest Lake Watershed District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Comfort Lake-Forest Lake Watershed District's management. Our responsibility is to express opinions on these financial statements based on our audit. The prior year partial comparative information has been derived from the Comfort Lake-Forest Lake Watershed District's 2009 financial statements and, in our report dated April 16, 2010, we expressed unqualified opinions on the respective financial statements of the governmental activities and each major fund.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Comfort Lake-Forest Lake Watershed District as of December 31, 2010, and the respective changes in financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Comfort Lake-Forest Lake Watershed District has not presented the Management's Discussion and Analysis that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be a part of, the basic financial statements. Accounting principles generally accepted in the United States of America require that the budgetary comparison information on pages 28 and 29 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting by placing the basic financial

statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Comfort Lake-Forest Lake Watershed District's financial statements as a whole. The introductory section and individual fund financial statements as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The individual fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, this information is fairly stated in all material respects, in relation to the financial statements taken as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion on or provide any assurance on it.

COMFORT LAKE-FOREST LAKE WATERSHED DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2010

Note 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Comfort Lake-Forest Lake Watershed District conform to accounting principles generally accepted in the United States of America applicable to governmental units. The following is a summary of significant accounting policies.

A. FINANCIAL REPORTING ENTITY

The Comfort Lake-Forest Lake Watershed District (the District) was created in 1999 under the provisions of Minnesota Statutes and began operations in 2000. The District is operated by a five member Board of Managers appointed by the Washington and Chisago Boards of Commissioners for three-year terms.

The District's policy is to include in the financial statements all funds, account groups, departments, agencies, boards, commissions, and other component units for which the District is considered to be financially accountable.

Component units are legally separate entities for which the District (primary government) is financially accountable, or for which the exclusion of the component unit would render the financial statements of the primary government misleading. The criteria used to determine if the primary government is financially accountable for a component unit include whether or not the primary government appoints the voting majority of the potential component unit's governing body, is able to impose its will on the potential component unit, is in a relationship of financial benefit or burden with the potential component unit, or is fiscally depended upon by the potential component unit.

Based on these criteria, there are no organizations considered to be component units of the District.

B. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The government-wide financial statements (i.e., the statement of net assets and the statement of changes in net assets) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*. There are no business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function. *Program revenues* include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

COMFORT LAKE-FOREST LAKE WATERSHED DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2010

C. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers all revenues, except reimbursement grants, to be available if they are collected within 60 days of the end of the current fiscal period. Reimbursement grants are considered available if they are collected within one year of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Property taxes, intergovernmental revenues and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the District.

The District reports the following major governmental funds:

General Fund - is the general operating fund of the District. It is used to account for financial resources to be used for general administrative expenditures and for the construction and maintenance of projects of common benefit to the District.

Survey and Data Acquisition Fund - is established to account for survey and data acquisition expenses financed by property taxes levied specifically for this purpose.

Program and Project Implementation Fund - is established to account for programs and projects to manage the District's resources.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are transactions that would be treated as revenues, expenditures or expenses if they involved external organizations, such as buying goods and services or payments in lieu of taxes, are similarly treated when they involve other funds of the District. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for an allowable use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

COMFORT LAKE-FOREST LAKE WATERSHED DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2010

D. BUDGETS AND BUDGETARY ACCOUNTING

The Board of Managers adopts a budget for the general government operations of the District on an annual basis. During the budget year, supplemental appropriations and deletions are or may be authorized by the Board. The modified accrual basis of accounting is used by the District for budgeting data. All unused project related appropriations carry over to the following fiscal year until the related project is completed.

The Board of Managers annually adopts a tax levy for collection during the calendar year. The District's records are maintained on a calendar year ending December 31.

The District monitors budget performance on the fund basis. All amounts over budget have been approved by the Board through the disbursement approval process.

The District prepares a revenue and expenditure budget for the District's General Fund only. Encumbrance accounting, under which purchase orders, contracts and other commitments of monies are recorded in order to reserve that portion of the applicable appropriation, is not employed by the District.

E. CASH AND INVESTMENTS

Cash and investment balances from all funds are pooled and invested to the extent available in authorized investments. Investment income is allocated to individual funds on the basis of the fund's equity in the cash and investment pool.

In accordance with the provisions of GASB No. 31, the District reports investments at fair value, based upon quoted market prices. Investment income is accrued at the balance sheet date. Also in accordance with the provisions of GASB No. 31, the District has reported all investment income, including changes in fair value of investments, as revenue in the operating statements.

F. PROPERTY TAX REVENUE RECOGNITION

The Board of Managers annually adopts a tax levy and certifies it to the County in October (levy/assessment date) of each year for collection in the following year. The County is responsible for billing and collecting all property taxes for itself, the District, the local School District and other taxing authorities. Such taxes become a lien on January 1 and are recorded as receivables by the District at that date. Real property taxes are payable (by property owners) on May 15 and October 15 of each calendar year. Personal property taxes are payable by taxpayers on February 28 and June 30 of each year. These taxes are collected by the County and remitted to the District on or before July 7 and December 2 of the same year. Delinquent collections for November and December are received the following January. The District has no ability to enforce payment of property taxes by property owners. The County possesses this authority.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District recognizes property tax revenue in the period for which the taxes were levied. Uncollectible property taxes are not material and have not been reported.

COMFORT LAKE-FOREST LAKE WATERSHED DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2010

GOVERNMENTAL FUND FINANCIAL STATEMENTS

The District recognizes property tax revenue when it becomes both measurable and available to finance expenditures of the current period. In practice, current and delinquent taxes and State credits received by the District in July, December and January are recognized as revenue for the current year. Taxes collected by the County by December 31 (remitted to the District the following January) and taxes and credits not received by year end are classified as delinquent and due from County taxes receivable. The portion of delinquent taxes not collected by the District in January are fully offset by deferred revenue because they are not available to finance current expenditures.

G. INVENTORIES

The original cost of materials and supplies has been recorded as expenditures at the time of purchase. None of the District's funds maintain significant amounts of inventories of materials and supplies.

H. MARKET VALUE HOMESTEAD CREDIT

Property taxes and homestead property (as defined by State Statutes) are partially reduced by market value credit aid. This credit is paid to the District by the State in lieu of taxes levied against homestead property. The State remits this credit through installments each year. The credit is recognized as revenue by the District at the time of collection.

I. USE OF ESTIMATES

The preparation of financial statements in accordance with generally accepted accounting principles (GAAP) requires management to make estimates that affect amounts reported in the financial statements during the reporting period. Actual results could differ from such estimates.

J. CAPITAL ASSETS

Capital assets, which include property, plant, equipment, infrastructure assets and intangible assets such as easements and computer software, are reported in the governmental activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

COMFORT LAKE-FOREST LAKE WATERSHED DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2010

GASB Statement No. 34 required the District to report and depreciate new infrastructure assets effective with the beginning of the 2004 calendar year. Infrastructure assets include lake improvements, dams and drainage systems. Neither their historical cost nor related depreciation has historically been reported in the financial statements. For governmental entities with total annual revenues of less than \$10 million for the fiscal year ended December 31, 1999, the retroactive reporting of infrastructure is not required under the provisions of GASB Statement No. 34. The District has elected not to report infrastructure assets acquired in years prior to 2004. The District did not acquire any infrastructure assets during 2004 through 2010.

The District implemented GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets* effective January 1, 2010 which required the District to capitalize and amortize intangible assets. For governmental entities with total annual revenues of less than \$10 million for the fiscal year ended December 31, 1999, the retroactive reporting of intangible assets is not required under the provision of GASB Statement No. 51. The District did not acquire intangible assets in prior years so retroactive reporting was not necessary. The District did not acquire any intangible assets for the year ending December 31, 2010.

K. COMPENSATED ABSENCES

It is the District's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vacation and sick pay benefits that are vested as severance pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements. In accordance with the provisions of Statement of Government Accounting Standards No. 16, *Accounting for Compensated Absences*, no liability is recorded for nonvesting accumulating rights to receive sick pay benefits.

L. LONG-TERM OBLIGATIONS

In the government-wide financial statements long-term debt is reported as a liability in the applicable governmental activities fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are immaterial and are expensed in the year of bond issuance.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

M. FUND EQUITY

In the fund financial statements, governmental funds report reservations of fund balance for amounts not appropriable for expenditure or legally segregated for a specific future use. Designated fund balance represents tentative plans for future use of financial resources.

COMFORT LAKE-FOREST LAKE WATERSHED DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2010

N. PREPAID ITEMS

Certain payments to vendors reflect cost applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements. Prepaid items are reported using the consumption method and recorded as expenditures/expenses at the time of consumption.

O. INTERFUND TRANSACTIONS

Interfund services provided and used are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed. All other interfund transactions are reported as transfers.

P. RECLASSIFICATIONS

Certain reclassifications were made to prior year amounts to conform to the current year presentation.

Q. COMPARATIVE TOTALS

The basic financial statements, required supplementary information and individual fund financial statements include certain prior-year summarized comparative information in total but not at the level of detail required for a presentation in conformity with generally accepted accounting principles. Accordingly, such information should be read in conjunction with the District's financial statements for the year ended December 31, 2009, from which the summarized information was derived.

R. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

1. EXPLANATION OF CERTAIN DIFFERENCES BETWEEN THE GOVERNMENTAL FUND STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCE AND THE GOVERNMENT-WIDE STATEMENT OF ACTIVITIES

The governmental fund statement of revenues, expenditures and changes in fund balance includes a reconciliation between *net changes in fund balance – total governmental funds and changes in net assets of governmental activities* as reported in the government-wide statement of activities. One element of that reconciliation states that “revenues on the statement of activities that do not provide current financial resources are not reported as revenues in the funds.” The details of this \$3,097 difference are as follows:

General property taxes deferred revenue:	
At December 31, 2009	(\$35,623)
At December 31, 2010	<u>38,720</u>
Net adjustments to increase net changes in fund balances - total governmental funds to arrive at changes in net assets of governmental activities.	<u>\$3,097</u>

Another element of that reconciliation states that “some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.” The details of this \$5,246 difference are as follows:

Compensated absences payable:	
At December 31, 2009	\$8,148
At December 31, 2010	<u>(2,902)</u>
Net adjustments to increase net changes in fund balances - total governmental funds to arrive at changes in net assets of governmental activities	<u>\$5,246</u>

Note 2 DEPOSITS AND INVESTMENTS

A. DEPOSITS

In accordance with Minnesota Statutes, the District maintains deposits at those depository banks authorized by the District Board, all of which are members of the Federal Reserve System.

Minnesota Statutes require that all District deposits be protected by insurance, surety bond or collateral. The market value of collateral pledged must equal 110% of the deposits not covered by insurance or bonds.

COMFORT LAKE-FOREST LAKE WATERSHED DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2010

Minnesota Statutes require that securities pledged as collateral be held in safekeeping by the District Treasurer or in a financial institution other than that furnishing the collateral. Authorized collateral includes the following:

- a) United States government treasury bills, treasury notes and treasury bonds;
- b) Issues of United States government agencies and instrumentalities as quoted by a recognized industry quotation service available to the government entity;
- c) General obligation securities of any state or local government with taxing powers which is rated "A" or better by a national bond rating service, or revenue obligation securities of any state or local government with taxing powers which is rated "AA" or better by a national bond rating service;
- d) General obligation securities of a local government with taxing powers may be pledged as collateral against funds deposited by that same local government entity;
- e) Irrevocable standby letters of credit issued by Federal Home Loan Banks to a municipality accompanied by written evidence that the bank's public debt is rated "AA" or better by Moody's Investors Service, Inc. or Standard & Poor's Corporation; and
- f) Time deposits that are fully insured by any federal agency.

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. At year end the carrying amount of the District's deposits was \$1,147,690 and the bank balance was \$1,150,789. The entire bank balance was covered by federal depository insurance or covered by perfected collateral pledged and held in the District's name, except for \$213,784, which was uncollateralized.

B. INVESTMENTS

Minnesota Statutes authorize the District to invest in the following:

- a) Direct obligations or obligations guaranteed by the United States or its agencies, its instrumentalities or organizations created by an act of congress, excluding mortgage-backed securities defined as high risk.
- b) Shares of investment companies registered under the Federal Investment Company Act of 1940 and whose only investments are in securities described in (a) above, general obligation tax-exempt securities, or repurchase or reverse repurchase agreements.
- c) Obligations of the State of Minnesota or any of its municipalities as follows:
 - 1) any security which is a general obligation of any state or local government with taxing powers which is rated "A" or better by a national bond rating service;
 - 2) any security which is a revenue obligation of any state or local government with taxing powers which is rated "AA" or better by a national bond rating service; and
 - 3) a general obligation of the Minnesota housing finance agency which is a moral obligation of the State of Minnesota and is rated "A" or better by a national bond rating agency.

COMFORT LAKE-FOREST LAKE WATERSHED DISTRICT
NOTES TO FINANCIAL STATEMENTS
 December 31, 2010

-
- d) Bankers acceptances of United States banks.
 - e) Commercial paper issued by United States corporations or their Canadian subsidiaries, of the highest quality, and maturing in 270 days or less.
 - f) Repurchase or reverse repurchase agreements with banks that are members of the Federal Reserve System with capitalization exceeding \$10,000,000; a primary reporting dealer in U.S. government securities to the Federal Reserve Bank of New York; certain Minnesota securities broker-dealers; or, a bank qualified as a depositor.
 - g) General obligation temporary bonds of the same governmental entity issued under section 429.091, subdivision 7; 469.178, subdivision 5; or 475.61, subdivision 6.

The District did not invest in any of the above listed investments during 2010.

Note 3 RECEIVABLES AND DEFERRED REVENUE

Significant receivable balances not expected to be collected within one year of December 31, 2010 are as follows:

	<u>Delinquent Property Taxes</u>
General Fund	\$3,000
Program and Project Implementation Fund	<u>14,100</u>
Total	<u><u>\$17,100</u></u>

COMFORT LAKE-FOREST LAKE WATERSHED DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2010

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned. At the end of the current fiscal year, the various components of deferred revenue and unearned revenue reported in the governmental funds were as follows:

	<u>Unavailable</u>	<u>Unearned</u>
Delinquent property taxes receivable (General Fund)	\$16,657	\$ -
Delinquent property taxes receivable (Program and Project Implementation Fund)	22,063	-
Unearned operating grants (Program and Project Implementation Fund)	<u>-</u>	<u>60,318</u>
Total	<u>\$38,720</u>	<u>\$60,318</u>

Note 4 CAPITAL ASSETS

Capital asset activity for the year ended December 31, 2010 was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>
Governmental activities:				
Capital assets, not being depreciated:				
Land	<u>\$9,437</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$9,437</u>

Note 5 LONG-TERM DEBT

CHANGES IN LONG-TERM LIABILITIES

Long-term liability activity for the year ended December 31, 2010, was as follow:

	<u>Balance 12/31/09</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance 12/31/10</u>	<u>Due Within One Year</u>
Governmental activities:					
Compensated absences payable	<u>\$8,148</u>	<u>\$2,902</u>	<u>(\$8,148)</u>	<u>\$2,902</u>	<u>\$2,902</u>

Compensated absences payable are generally liquidated by the General Fund.

COMFORT LAKE-FOREST LAKE WATERSHED DISTRICT

Note 6 DEFINED BENEFIT PENSION PLANS - STATEWIDE

A. PLAN DESCRIPTION

All full-time and certain part-time employees of the District are covered by defined benefit plans administered by the Public Employees Retirement Association of Minnesota (PERA). PERA administers the General Employees Retirement Fund (GERF) and the Public Employees Police and Fire Fund (PEPFF) which are cost-sharing, multiple-employer retirement plans. These plans are established and administered in accordance with Minnesota Statute, Chapters 353 and 356.

GERF members belong to either the Coordinated Plan or the Basic Plan. Coordinated Plan members are covered by Social Security and Basic Plan members are not. All new members must participate in the Coordinated Plan.

PERA provides retirement benefits as well as disability benefits to members, and benefits to survivors upon death of eligible members. Benefits are established by State Statute, and vest after three years of credited service. The defined retirement benefits are based on a member's highest average salary for any five successive years of allowable service, age, and years of credit at termination of service.

The benefit provisions stated in the previous paragraphs of this section are current provisions and apply to active plan participants. Vested, terminated employees who are entitled to benefits but are not receiving them yet are bound by the provisions in effect at the time they last terminated their public service.

PERA issues a publicly available financial report that includes financial statements and required supplementary information for GERF and PEPFF. That report may be obtained on the internet at www.mnpera.org, by writing to PERA, 60 Empire Drive #200, St. Paul, Minnesota, 55103-2088 or by calling (651)296-7460 or 1-800-652-9026.

B. FUNDING POLICY

Minnesota Statutes Chapter 353 sets the rates for employer and employee contributions. These Statutes are established and amended by the State legislature. The District makes annual contributions to the pension plans equal to the amount required by State Statutes. GERF Basic Plan members and Coordinated Plan members were required to contribute 9.10% and 6.0%, respectively, of their annual covered salary in 2010. The District is required to contribute the following percentages of annual covered payroll in 2010: 11.78% for Basic Plan GERF members, 7.0% for Coordinated Plan GERF members. Employer contribution rates for the Coordinated Plan will increase to 7.25% effective January 1, 2011. The District's contribution to the General Employees Retirement Fund for the years ended December 31, 2010, 2009 and 2008 were \$5,542, \$5,659 and \$5,316 respectively, equal to the contractually required contributions for each year as set by State Statute.

COMFORT LAKE-FOREST LAKE WATERSHED DISTRICT
NOTES TO FINANCIAL STATEMENTS
December 31, 2010

Note 7 DESIGNATIONS OF FUND EQUITY

At December 31, 2010 and 2009, the District had the following fund equity designations:

	<u>December 31,</u>	
	<u>2010</u>	<u>2009</u>
General Fund:		
Reserved for prepaid items	\$3,068	\$2,640
Designated for administrative reserve	31,598	16,598
Designated for future projects	-	600
Program and Project Implementation Fund:		
Designated for projects	<u>82,695</u>	<u>-</u>
Total	<u><u>\$117,361</u></u>	<u><u>\$19,838</u></u>

Note 8 INTERFUND TRANSFERS

Interfund transfers during 2010 are as follows:

	<u>General Fund</u>	<u>Program and Project Implementation</u>	<u>Total</u>
Transfers out:			
General fund	\$ -	\$559,616	\$559,616
Survey and data acquisition fund	<u>3,239</u>	<u>-</u>	<u>3,239</u>
Total transfers	<u><u>\$3,239</u></u>	<u><u>\$559,616</u></u>	<u><u>\$562,855</u></u>

The transfer out of the General Fund was made to establish the Program and Project Implementation Fund. The transfer out of the Survey and Data Acquisition Fund closed the fund into the General Fund.

Note 9 CONTINGENCIES

Management has indicated that there are no pending lawsuits or other actions in which the District is a defendant.

Note 10 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. Property and casualty liabilities are insured. The District retains risk for the deductible portions of the insurance. The amounts of these deductibles are considered immaterial to the financial statements.

There were no significant reductions in insurance from the previous year or settlements in excess of insurance coverage for any of the past three fiscal years.

REPORT ON INTERNAL CONTROL

To the Board of Managers
Comfort Lake-Forest Lake Watershed District
Forest Lake, Minnesota

In planning and performing our audit of the financial statements of the governmental activities and each major fund of Comfort Lake-Forest Lake Watershed District as of and for the year ended December 31, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered Comfort Lake-Forest Lake Watershed District's internal control over financial reporting (internal control) as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Comfort Lake-Forest Lake Watershed District's internal control. Accordingly, we do not express an opinion on the effectiveness of Comfort Lake-Forest Lake Watershed District's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all such deficiencies have been identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider items 2010-1 and 2010-2 in the attached schedule of findings and responses to be significant deficiencies.

Comfort Lake-Forest Lake Watershed District's written response to the significant deficiencies identified in our audit is described in the accompanying schedule of findings and responses. We did not audit the District's responses and, accordingly, we express no opinion on them.

Comfort Lake-Forest Lake Watershed District
Report on Internal Control

This communication is intended solely for the information and use of management, members of the Board, and others within the Organization and is not intended to be, and should not be, used by anyone other than these specified parties.

April 29, 2011

2010-1 Oversight of Financial Statement Preparation

Criteria: Management is responsible for establishing and maintaining effective internal controls. These controls include the responsibility for preparation, or oversight of the preparation of the financial statements in accordance with generally accepted accounting principles.

Condition: Like many similarly sized organizations, the District has requested assistance from us, the auditors, with drafting financial statements and related notes. This is a common practice and an allowable nonaudit service under the AICPA Ethics Interpretation 101-3. However, other than relying on the auditors, the District staff does not perform sufficient procedures to detect if there were misstatements or omission of disclosures to the financial statements.

Cause: The District has not established procedures to detect misstatements or omissions of disclosures in the financial statements prepared by the auditors.

Effect: By not having such controls, there is an increased risk that errors or omissions in the financial statements prepared by the auditors would not be detected by District management.

Recommendation: We recommend the District remain aware of this matter. Any change would need to be viewed from a cost/benefit perspective. Options for the District include:

1. Remain aware of the situation, however due to the increased cost, make the choice to make no changes to current procedures.
2. Implement internal procedures as determined practical. Such procedures could include:
 - a. Complete a disclosure checklist to ensure propriety and completeness of disclosures.
 - b. Trace various trial balance accounts to the draft financial statements to ensure all accounts are included in the financial statements.
 - c. Review GASB 34 conversion entries to ensure that the draft government-wide financial statements are free of misstatement.
3. Hiring additional internal or 3rd party resources to assist with the financial statement process.

Management Response: The District is aware of the situation, but a cost/benefit analysis of the issue does not support the allocation of additional employees or resources at this time. Certain other safeguards are successfully maintained (Board oversight and treasurer review of the draft financial statements) which provide satisfactory mitigation of the issue.

Comfort Lake-Forest Lake Watershed District
Report on Internal Control
Schedule of Findings and Responses

2010-2 Revenue Recognition for Expenditure Driven Grants

Criteria: Expenses related to expenditure driven grants should be recorded in the period incurred. Additionally, revenues should be recognized as expenditures are incurred.

Condition: In 2009, the District incurred \$4,322 in expenses related to the TMDL project that were not recorded until 2010. The related revenues that were earned in 2009 were not recognized until 2010.

Cause: Unknown.

Effect: Revenues, expenditures, accounts receivable and accounts payable were understated by \$4,322 in 2009 and revenues and expenditures are overstated by the same amount in 2010.

Recommendation: We recommend the District develop procedures and policies to ensure that receivables and payables are accrued at year end and that revenue recognition requirements are followed for expenditure driven grants.

Management Response: The District will continue to work with its accountant and auditor to identify all grant related revenue and expenditures in the proper fiscal period.

REPORT ON COMPLIANCE WITH MINNESOTA LEGAL
COMPLIANCE AUDIT GUIDE FOR POLITICAL SUBDIVISIONS

To the Board of Managers
Comfort Lake-Forest Lake Watershed District
Forest Lake, Minnesota

We have audited the financial statements of Comfort Lake-Forest Lake Watershed District, as of and for the year ended December 31, 2010 and have issued our report thereon dated April 29, 2011.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the provisions of the *Minnesota Legal Compliance Audit Guide for Political Subdivisions* promulgated by the State Auditor pursuant to Minnesota Statutes Section 6.65. Accordingly, the audit included such tests of the accounting records and such other auditing procedures we considered necessary in the circumstances.

The *Minnesota Legal Compliance Audit Guide for Political Subdivisions* covers six categories of compliance to be tested: contracting and bidding, deposits and investments, conflicts of interest, public indebtedness, claims and disbursements, and miscellaneous provisions. Our study included all of the above listed categories except for public indebtedness as Comfort Lake-Forest Lake Watershed District had no debt.

The results of our tests indicate that for the items tested, Comfort Lake-Forest Lake Watershed District complied with the material terms and conditions of applicable legal provisions, except as noted in finding 2010-03.

This report is intended solely for the information and use of management, Comfort Lake-Forest Lake Watershed District's Board and others within the Organization, and is not intended to be, and should not be, used by anyone other than these specified parties.

2010-3 Deficiencies in collateral for deposits

Criteria: Minnesota Statute 118A provides certain specific collateral requirements for deposits as follows:

M.S. 118A.03 **When and What Collateral Required.** Subdivision 1. **For deposits beyond insurance.** To the extent that funds deposited are in excess of available federal deposit insurance, the government entity shall require the financial institution to furnish collateral security or a corporate surety bond executed by a company authorized to do business in the state.

Subd. 2. **In lieu of surety bond.** The following are the allowable forms of collateral in lieu of a corporate surety bond:

- (1) United States government treasury bills, treasury notes, treasury bonds;
- (2) issues of United States government agencies and instrumentalities as quoted by a recognized industry quotation service available to the government entity;
- (3) general obligation securities of any state or local government with taxing powers which is rated "A" or better by a national bond rating service, or revenue obligation securities of any state or local government with taxing powers which is rated "AA" or better by a national bond rating service;
- (4) irrevocable standby letters of credit issued by Federal Home Loan Banks to a municipality accompanied by written evidence that the bank's public debt is rated "AA" or better by Moody's Investors Service, Inc., or Standard & Poor's Corporation; and
- (5) time deposits that are fully insured by the Federal Deposit Insurance Corporation.

Subd. 3. **Amount.** The total amount of the collateral computed at its market value shall be at least ten percent more than the amount on deposit plus accrued interest at the close of the business day. The financial institution may furnish both a surety bond and collateral aggregating the required amount.

Subd. 4. **Assignment.** Any collateral pledged shall be accompanied by a written assignment to the government entity from the financial institution. The written assignment shall recite that, upon default, the financial institution shall release to the government entity on demand, free of exchange or any other charges, the collateral pledged. Interest earned on assigned collateral will be remitted to the financial institution so long as it is not in default. The government entity may sell the collateral to recover the amount due. Any surplus from the sale of the collateral shall be payable to the financial institution, its assigns, or both.

Subd. 5. **Withdrawal of excess collateral.** A financial institution may withdraw excess collateral or substitute other collateral after giving written notice to the governmental entity and receiving confirmation. The authority to return any delivered and assigned collateral rests with the government entity.

Subd. 6. **Default.** For purposes of this section, default on the part of the financial institution includes, but is not limited to, failure to make interest payments when due, failure to promptly deliver upon demand all money on deposit, less any early withdrawal penalty that may be required in connection with the withdrawal of a time deposit, or closure of the depository. If a financial institution closes, all deposits shall be immediately due and payable. It shall not be a default under this subdivision to require prior notice of withdrawal if such notice is required as a condition of withdrawal by applicable federal law or regulation.

Schedule of Findings and Responses

Subd. 7. **Safekeeping.** All collateral shall be placed in safekeeping in a restricted account at a Federal Reserve Bank, or in an account at a trust department of a commercial bank or other financial institution that is not owned or controlled by the financial institution furnishing the collateral. The selection shall be approved by the government entity.

HIST: 1996 c 399 art 1 s 4

Condition: At December 31, 2010, the District held deposits with First State Bank of Wyoming of \$989,401. Deposits up to \$250,000 are insured by the FDIC. Deposits require collateral of at least ten percent more than the amount on deposit in excess of that covered by FDIC insurance. The collateral required was \$813,341 (\$739,401 x 110%). Collateral in the amount of \$599,557 was provided, resulting in a collateral deficiency of \$213,784. We understand that an additional \$316,000 was pledged on January 4, 2011.

Cause: Unknown.

Effect: The effect of noncompliance is not determinable.

Recommendation: We recommend the District implement controls to monitor compliance with Minnesota Statute 118A.03 on a regular basis.

Management Response: The Comfort Lake-Forest Lake Watershed District did remedy this issue in January 2011. The District will work with the First State Bank of Wyoming to monitor its bank balances to ensure it has sufficient collateral to comply with Minnesota Statute 118A.03. This will include verifying that there is sufficient collateral prior to receiving tax settlements from the County.

COMMUNICATION WITH THOSE CHARGED WITH GOVERNANCE

To the Board of Managers
Comfort Lake-Forest Lake Watershed District
Forest Lake, Minnesota

We have audited the financial statements of the governmental activities and each major fund of Comfort Lake-Forest Lake Watershed District as of and for the year ended December 31, 2010, and have issued our report thereon dated April 29, 2011. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated January 27, 2011. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Results

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Comfort Lake-Forest Lake Watershed District are described in Note 1 to the financial statements. As described in Note 1 to the financial statements, the Comfort Lake-Forest Lake Watershed District implemented GASB Statement No. 51, *Accounting and Financial Reporting for Intangible Assets* in 2010. GASB Statement No. 51 had no effect on the financial statements. We noted no transactions entered into by Comfort Lake-Forest Lake Watershed District during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Comfort Lake-Forest Lake Watershed District does not have any significant sensitive estimates affecting the financial statements.

Certain financial statement disclosures can be particularly sensitive because of their significance to financial statement users. Comfort Lake-Forest Lake Watershed District does not have any particularly sensitive disclosures in its financial statements.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. The attached schedule summarizes the uncorrected misstatements of the financial statements. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. There are no corrected financial statement misstatements detected as a result of audit procedures.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated April 29, 2011.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as Comfort Lake-Forest Lake Watershed District's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

GASB Statement No. 54 is effective for the year ending December 31, 2011. This standard changes the reporting of fund balance from the current categories of reserved, designated and unreserved/undesignated to five categories based on the constraint imposed on the use of the resources. We recommend that the District prepare for implementation of this standard by reviewing the current fund balance policy to ensure that the following are addressed:

- Minimum fund balance
- Flow assumptions
- Delegation of authority to assign
- Fund balance commitment

GASB Statement No. 54 also discusses which types of activities are to be reported in Special Revenue Funds. Each Special Revenue Fund must have a specific revenue source (excluding investing earnings and transfers in) that is restricted or committed for the specific purpose of the Fund. Restrictions are outside the District's control. Board action is required in order to commit a specific revenue source to a specific purpose. We recommend that the District review each Special Revenue Fund and reclassify funds that do not meet the GASB 54 requirements.

Other Information in Documents Containing Auditing Financial Statements

With respect to the supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Closing

This information is intended solely for the use of management and the Comfort Lake-Forest Lake Watershed District's Board, and is not intended to be, and should not be, used by anyone other than these specified parties.
