

**MEMORANDUM**  
**Comfort Lake-Forest Lake Watershed District**

---

**To:** Board of Managers

**Date:** February 14, 2022

**From:** Mike Kinney

**Subject:** 2022 Washington County AIS Aid Grant

---

**Background/Discussion**

Washington County is again issuing a grant opportunity to distribute the State of Minnesota's Aquatic Invasive Species (AIS) Prevention Aid of approximately \$44,000 for AIS treatment projects. Same as past years, the District will be applying for curly-leaf pondweed and flowering rush management funds. All complete applications received for this opportunity will be given an equal split of the available funding. For reference, the District was awarded \$6,800 for each application in 2021. As for the watercraft inspection grants, a separate opportunity will be announced in early-March.

**Recommended Action**

Manager\_\_\_\_\_moves to authorize the Administrator to submit the Washington County AIS Aid Grant applications and take any further steps necessary to accept and administer the grants. Seconded by Manager\_\_\_\_\_.
