EOR Project Tracking		Project Tasks	2022												2023	2024	Recent Activities	Upcoming Activities	Comments		
3000 - Programs			2021	Jan.	Feb.	Mar.	Apr.	May	Jun.	Jul.	Aug.	Sept.	Oct.	Nov.	Dec.						
3002	Permitting	As submitted																	Pre-permit coordination/meetings. District permit database development and coordination with District staff. Scandia Road Project review.	Ongoing permit reviews.	
3003	Monitoring & Data Assessment	Stream Monitoring																	Processing data and drafting monitoring report.	Finalize Monitoring Report and present at March Board Meeting	
3006	Tech Resource Sharing	3006C - H&H Model Update																	Began data collection for 2022 modeling effort.	Continue data collection process.	
		3006F - Watershed Management Plan Update																	Watershed Plan Update completed and approved.	Ongoing review and tracking of plan activities.	
3009	Grant Research & Preparation	Various																	Coordinate with District staff on potential future grant opportunities.	Continued assessment of other grant opportunities.	
3010	O&M	Moody and Shields Lake aerators																	None.	Assist District staff as needed.	
		250th Street Ditch Clean Out																	Finalized ditch excavation construction and coordination	Coordination with County on culvert replacement (Spring 2022)	
		Bone/Shields Lake fish barriers																	None.	Provide assistance as requested by District Staff.	
		Shields Lake Reuse System																	Provide support for FHGC winterization of system.	Review pump records and monitoring data.	
3011	AIS Management	Support District Staff as-needed																None.	Assist District staff as needed.		
5-520-B	Natural Resource Inventory and Assessment	District-wide data collection																Internal project kickoff meeting, review of data collection protocol and field team coordination	Coordination meeting with District staff to organize data collection, field teams and schedule		
<b>5000 - Projects</b>																					
5220-A	Volume Control Planning PM: Greg Graska	Regional Treatment Location Identification																	City completed final edits to draft downtown stormwater plan. Report was presented to the CLFLWD Board for review at the October 28th Board Meeting. Meeting with City of Forest Lake on January 31st.	Develop MOA regarding use of regional treatment.	
5220-B	Greenway Visioning PM: Kevin Biehn	Board Workshop																	Refining scope & fee for next step(s)	3.10.2022 Board Consideration of new scope of work	
		Phase XXX																			
		Phase XXX																			
1- 5222-F2	Bone Lake NE Wetland Restoration PM: Kyle Crawford Bone Lake Reduction: 15 lb/yr	Construction & site restoration																Site construction activities (pre-construction meeting, site mobilization, wetland excavation)	Substantial Completion, site walkthrough and punchlist, spring clean-up	Multi-year grant, ending Dec. 2023. Preliminary life cycle cost estimate: \$250/lb TP/yr	
1- 5-221-B	Moody Capstone Projects	Implement several BMP in the Direct Drainage area of Moody Lake																Review of grant funding allocations and estimate of 2022 budget	Initiate project work		
1- 3-004-E	Melanie Trail BMPS	Provide BMP design for City of Scandia Road Improvements																Bidding support with City of Scandia, discussed project authorization	Pre-construction startup with City, Contractor		
2- 5225-C 5225-D	Little Comfort Implementation PM: Jason Naber Reduction: 206 lb/yr	Heath Avenue implementation																Modeling and outlet design, solicitation of geotechnical quotes	Wetland outlet feasibility design, alum treatment calculations	Multi-year grant, ending Dec. 2023. Preliminary life cycle cost estimate: \$250/lb TP/yr	
		School Lake outlet channel Little Comfort alum treatment																			
2- 5-225-C	Gravel Pit Infiltration Investigation	Investigate suitability for additional treatment volume																Geotech coordination	Collect soil boring data and determine infiltration capacity		
3- 5228-L1	WJD 6 Implementation PM: Kyle Crawford Reduction: 85 lb TP/yr	CR-50 IESF Feasibility Design																Coordination with District on adjacent landowner easement; pump feasibility design.	Coordination with District on finalizing easements with adjacent landowners; advance feasibility design, modeling, report	Multi-year grant, ending Dec. 2022. Preliminary life cycle cost estimate: \$700-900/lb TP/yr	
3- 5-228-D	WJD 6 Implementation PM: Kyle Crawford Reduction: 85 lb TP/yr	WJD-6 Wetland Restoration																New BWSR Grant Awarded	Create work plan and get final grant agreement signed		
4- 5229-A	Comfort Lake Diagnostic Phase 2	1. Watershed Characterization 2. Water Quality Modeling 3. Goals & Implementation																Presented final report to board on 4/28. Revised report to address Board comments and send final draft to District staff for posting on the District website.	Assist District staff with reconnaissance diagnostic sampling in preparation for scheduled LMD diagnostic monitoring for Comfort and Little Comfort Lake.	Multi-year effort.	
4- 5229-E	BMP Impl. on Tax Forfeit Land PM: Kevin Biehn Reduction: 141 lb/yr	Sunrise River Drained Wetland Restoration Feasibility Design																Refining Feasibility Report	3.24.2022 Board Consideration of feasibility report and project ordering	Multi-year grant, ending Dec. 2022. Preliminary life cycle cost estimate: \$152/lb TP/yr	
5920-A	Land Acquisition Review PM: Jason Naber	Various sites																None.	Provide assistance as requested by District Staff.
