

**MEMORANDUM**  
**Comfort Lake-Forest Lake Watershed District**

---

**To:** Board of Managers

**Date:** March 21, 2019

**From:** Mike Kinney

**Subject:** Draft 2018 Water Monitoring Report

---

**Background/Discussion**

The purpose of this agenda item is to provide the Board with the 2018 Preliminary Draft Water Monitoring Report from the Washington Conservation District. The report can be found on the District website at [www.clflwd.org/data.php](http://www.clflwd.org/data.php) under the “District-Wide Information” dropdown tab. The following is a direct link to the PDF: <https://www.clflwd.org/documents/CLFLWD2018MonitoringSummary-DRAFT.pdf>.

Given that the draft report is subject to further WCD/CLFLWD/EOR review and edits (and that it is 94 pages), hard copies will not be provided as part of the board packet. Hard copies can, however, be provided to the Board at any time upon request or once the report is finalized as desired.

Comments, questions, or other feedback can be provided to staff or the WCD directly. If possible, please provide feedback to staff or the WCD on or before the April 5<sup>th</sup>. Feedback will then be sent to the WCD. A WCD staff member will plan to present the final draft of the report at the April 18<sup>th</sup> regular meeting.
