

MEMORANDUM
Comfort Lake-Forest Lake Watershed District

To: Board of Managers

Date: April 8, 2019

From: Mike Kinney

Subject: 2018 Draft Water Monitoring Report

Background/Discussion

Washington Conservation District (WCD) staff will be attending the April 18th regular board meeting and will provide a brief presentation summarizing any trends and items of interest that emerged in the 2018 monitoring data. They will also be taking feedback on the report and answering questions. After taking in all additional input, the WCD will issue a final report.

The final report will then be included in the May 23rd board packet for the Board to consider accepting.

The draft report can be found on the District website at www.clflwd.org/data.php under the “District-Wide Information” dropdown tab. Below is a direct link to the PDF.

Hard copies can be made available upon request.
