Watershed Champion Award

• Notification of nomination
  When and how should we notify those who have been nominated for an award and how much information to we provide to others?

• Selection of Review Committee
  Who specifically will serve on the committee? Can those serving on the review panel also nominate?

Selection Committee:

A five person committee consisting of one board member, one staff member, and three Citizen Advisory Committee members will review nominations and select the award recipients. Committee members will score each nomination as described above and aggregate scores will be used to help inform the Committee’s decision. More than one award may be given each year. An award does not have to be given each year if no nominee meets the criteria. An award may be given to a previous winner if subsequent contributions justify doing so.
