Rule 6.0 Permit Application Checklist

A project proposing to use the bed of a waterbody within the District for the placement of a roads, utilities or water control structure.

Submit the following items with your application:

- Signed permit application
- Permit fee and permit review deposit paid
- Construction plans and specifications;
- Analysis prepared by a professional engineer or qualified hydrologist showing the effect of the project on hydraulic capacity and water quality;
- An erosion control and restoration plan; and
- Copy of permit application to Department of Natural Resources, Army Corps of Engineers, and Wetland Conservation Act LGU, if required based on proposed activities.
