

MEMORANDUM

Comfort Lake-Forest Lake Watershed District

Date: October 17, 2023
To: CLFLWD Board of Managers
From: Mike Kinney, District Administrator
Subject: October AIS Update

District Wide

Background/Discussion

Since the September 28th regular board meeting, there have been no major AIS Program updates. As such, there will be no October AIS report as staff shift their focus on drafting the AIS and watercraft inspection programs yearend reports, which will be available this December. However, Garrett Miller will still attend the October 26th regular board meeting to answer any program questions.
